Winter 2013

Laugh a little, learn a little & take a break from the daily grind

The front of the new Toyota of Nashua, the largest Toyota dealership in New England.

Picture This: The New Toyota of Nashua

According to an old Chinese proverb, "A picture is worth a thousand words." And there is no better way to present the newly completed Toyota of Nashua facility, the largest Toyota dealership in New England, than with photos.

When Maple-Leaf Construction was first selected as construction manager in 2011, we developed a phased construction plan for the new facility involving sequentially demolishing three existing buildings. During this massive undertaking, the plan allowed Toyota of Nashua to continue to operate and maintain its high volume of sales and service without interruption, while Maple-Leaf consolidated auto, SUV and truck sales into a new two-story, 65,000-square-foot structure.

The maintenance shop is comprised of 44 individual bays with lifts, wash bays and alignment equipment.

Now, with everything under one roof, the showroom offers plenty of space to display new Toyota/Scion vehicles, plus reception areas, a café, retail/wholesale parts, and desk space for 34 salespeople and various sales and assistant managers. A second level houses executive offices, conference rooms and other offices.

Access to vehicle service is through three drive-thru lanes. Depending on the type of maintenance or repair required, customer advisors are available to write-up orders and drive vehicles directly into various service bays. The huge service area is comprised of 44 individual bays with lifts, wash bays and alignment equipment, and a well-stocked, two-story parts room complete with a multi-level motorized tire carousel.

While vehicles are being serviced, one customer waiting room offers a quiet area with fireplace, while another lounge area comes complete with TV, coffee bar and a play area for children in an adjoining space. Access to a café and outdoor roof-top patio also provides a unique space for employees to enjoy during coffee breaks, as well as a place for customers to sit back, relax and pass the time.

The showroom offers plenty of space for displaying new Toyota/Scion vehicles.

Looking down at the showroom from the second level offices.

Our Holiday Message

Year's end is traditionally a time of reflection, when we look back at the past and with promise to the future. The last several years have presented enormous challenges to us—personally, as families, as businesses and as a nation. It hasn't always been easy, but because of our unwavering spirit and determination, we've come through it, and we'd like to think the toughest times are behind us. The holidays are also a time to appreciate our blessings. At Maple-Leaf Construction, we are thankful for our dedicated, hardworking staff, outstanding building team partners, supportive corporate friends and, of course, our loyal clients, who are the heart and soul of our company.

On behalf of the entire Maple-Leaf team, we wish you a safe and healthy holiday and a new year filled with happiness, hope and great opportunity.

The entire project team understood the vision and values of Toyota of Nashua and we were all determined to bring this design to fruition. Maple-Leaf Construction would like to thank the entire Toyota of Nashua staff for their interest, enthusiasm, cooperation and commitment throughout the job.

As this project came to a close, we couldn't help but look at the results with a sense of pride and accomplishment.

If you would like to picture your facility in an updated fashion, feel free to call Mr. Loren Dubois, President, at 603-882-7498.

An outdoor roof-top patio provides a unique waiting area for customers.
